

## Bike Build Donation®

Our facilitators have been delivering charity bike build events for over 20 years. After going high-tech in 2012, we continue to pioneer the future of this CSR donation program with the use of our proprietary apps and Apple iPads®.

This worthwhile program incorporates engaging audio/video clues as well as fun challenges and activities, enabling teams to earn the parts necessary to assemble bikes for children in need. Photos and videos of your participants in action throughout the event will be captured on iPads provided to the teams.

After a fun icebreaker to get everyone "in gear," your teams will receive their iPads and instructions. As teams continually gain points through the iPad challenges, they will be rewarded with trips to our bike store to obtain the parts they need for the build.

Once the bikes are built, they are inspected by our mechanics before being displayed with the participants for a group picture. Based on timeframe and available space, the program may also include personal notes of encouragement, a bike parade, decorative bike license plates, or a bike race.

At the conclusion of the program, whenever possible, your group will present these beautiful, finished bicycles to deserving children - accompanied by a local charity representative who will address your group and thank you for your donation.

Bike Build Donation is one of our most popular give-back programs, and every bicycle your group builds comes with a cool helmet and a lock for safety.

Organization, delegation, communication, and some mechanical skills will be put to use to complete this fun and engaging activity.

To ensure a great experience, aspects of this event may be modified for your group size, group makeup, time available, and other variables.

## Clients Talk About this Program

"The Bike Build Donation experience with iPads has been deemed by many of the participants as one of the best charitable activities we've engaged in over 6 years & 12+ events. There was a perfect combination of required teamwork, creativity & of course- the experience of seeing the kids who became recipients of the bikes themselves. Since Cisco Systems is a high tech company, the iPad challenges were right up our alley. Finally- our event lead was incredible. Thanks again!"

Frank - Cisco

## Program Details

**Group Size:**

30 to 1,000+

**Team Size:**

10

**Program Length:**

2 to 2.5 hours

**Space Requirement**

25 sq. ft. per person

**Setting:**

Indoor / Outdoor

**Physicality:**

Low

## Program Elements

- ✓ Collaboration & Accomplishing Common Goal
- ✓ Friendly Competition
- ✓ Fun & Engaging Interaction
- ✓ Relationship Building & Networking

## What's Included?

Pricing varies depending upon the number of participants (minimum of 30) and includes Huffy® bicycles, helmets and locks, the team building program, prep, production coordination and all materials, program design, a professional lead facilitator and staffing.
