

Bike Build Donation®

Our signature program has been enjoyed for many years by groups large and small. Participants will recall the incredible feeling of building bikes for charity and giving back to their community in a touching and impactful way. Our exclusive iPad app incorporates engaging audio/video clues that let teams earn the parts needed to assemble bikes for kids in need.

BEST facilitators have been delivering charity bike build events for over 20 years. After going high-tech in 2012, we continue to pioneer the future of this CSR donation program with the use of our proprietary apps and Apple iPads®. Our apps also enable us to deliver very large events including the largest bike build in history with over 3,400 Lowe's managers who built and donated 1,048 bicycles for charity! [See Highlight Video](#) Check out over 120 clients comments below.

This worthwhile program incorporates engaging audio/video clues as well as fun challenges and activities. After a fun icebreaker to get everyone "in gear", your teams will receive their iPads. Points awarded help teams earn a bike and parts necessary from the "bike shop" to build the bikes for donation to children in need.

Once the bikes are built, they are inspected for safety and displayed with the participants for a group picture. Based on the timeframe and available space, the program may also include decorative personal notes of encouragement and a bike parade!

At the conclusion of the program, whenever possible, a local charity representative will join your group to accept these beautiful, finished bicycles for deserving children and address your group to thank you for your donation.

Bike Build Donation® is one of our most popular give-back programs, and every 20-inch bicycle your group builds comes with a helmet and a lock for safety. A variety of skills including organization, delegation, communication, and some mechanical skills will be used to complete this activity.

The standard 20-inch bikes are suitable for 6 to 10-year-olds. We also offer two additional versions of our popular Bike Build Donation: TRICYCLES for young children ages 1 to 5 years old and 26" CRUISERS for teens ages 13 and up.

To ensure a great experience, aspects of this event may be modified for your group size, group makeup, time available, and other variables.

Bike Build Donation® is a registered trademark of Best Corporate Events, LLC.

Clients Talk About this Program

It was a great day for the 3,500 Lowe's managers that participated in the Bike Build Donation event at the Sand's Expo and Convention Center in Las Vegas. They set the World Record by building and donating 1,048 bikes, helmets, and locks to deserving children at Boys & Girls Clubs throughout the state of Nevada.
