

Build-a-Wheelchair®

Charity Wheelchair Team Building Experience: A Charitable Team Building Experience that Gives Back

Build-a-Wheelchair® is a powerful and purpose-driven team building program designed to support individuals living with mobility challenges. This hands-on event combines fun, collaboration, and corporate social responsibility by having teams assemble and donate brand-new wheelchairs to local organizations in need.

This unique experience blends friendly competition with meaningful impact – helping participants bond while making a difference.

Program Agenda

The event kicks off with an energizer activity followed by a full program walkthrough by a professional lead facilitator. Teams of 10 then work together to earn the parts needed to assemble their wheelchairs by completing fast-paced challenges—such as Brainstorm games or Minute 2 Win It activities.

Once assembled, teams move through a safety station for a mechanical inspection. After ensuring each wheelchair is ready for use, teams add a personal touch by attaching handwritten notes of encouragement.

When space allows, the experience concludes with a wheelchair obstacle course challenge, where teams test maneuverability and teamwork in a friendly showdown.

To cap off the event, teams stage for a group photo, and—when possible—a representative from the beneficiary organization makes a surprise appearance to share how the donated wheelchairs will be used and the impact they will have.

Program Outcomes & Takeaways

- Strengthens collaboration and shared purpose
- Inspires gratitude, empathy, and community engagement
- Combines creative problem solving with hands-on assembly
- Offers lasting team memories through photos and meaningful storytelling
- Directly benefits individuals in need of mobility support

Program Customization

This program can be tailored to your group's unique needs and goals with personalization including:

- Choice of challenge activity
- Addition of themed or custom trivia based on the company or event theme

Our historically popular iPad activities are still available upon request."

Clients Talk About this Program

Our event this week was an incredible success.

I want to particularly thank Paul – from start to finish he came in as a partner – listened to our unique point of view, learned our goals, and made this more fun than I could have dreamed. We do lots of team building for our customers and for our team and this was by far the most joyful we have ever been while also accomplishing our goal of supporting those in need.

SO THANK YOU! The laughter and smiles we heard and saw will keep us filled for many months to come.
