Chocolate Architect

Chocolate Architect is the sweetest program of all!

In this fun event, your group will bond over chocolate as they design and build various themed structures utilizing candies and chocolate delicacies.

Teams then engage in fun, collaborative challenges using our browser-based Brainstorm activity and/or Minute 2 Win It games to earn valuable points for their teams. With the points they've earned, teams will purchase a chocolate construction kit as well as their own special materials package.

Your group can choose to build landmarks, buildings, stadiums or other recognizable structures from around the world including the Washington Mall, the Eiffel Tower, the Golden Gate Bridge, the Colosseum or the Empire State Building.

Will your team be the first to build Mount Rushmore?

Once structures are completed, final touches are added in the form of various colorful confectionaries. When their vision becomes reality, each team's creative interpretation will be displayed for the entire group to enjoy.

To ensure a great experience, aspects of this program may be modified for your group size, group makeup, time available, and other variables.

Our historically popular iPad activities are still available upon request.

Clients Talk About this Program

Our Chocolate Architect program with the iPads was a perfect program for our group. Your company was very responsive to all our needs and the program was well organized. Our group enjoyed the activities and said the whole program was fun and your lead was a great facilitator.

Daphne - US FDA
