

Go-Kart Competition

Go Kart Competition – Exciting Racing Team Building Event

Build It. Race It. Win It.

Start your engines for this high-energy, hands-on Go-Kart Competition that combines creativity, collaboration, and friendly rivalry. In this team building program, groups work together to design, build, and race custom people-powered go-karts from provided blueprints and materials – all while sporting decorated jumpsuits and high-octane team spirit.

Program Agenda

Teams begin by appointing a Pit Crew Boss to lead their go-kart project. Using basic materials like axles, wheels, and lumber, each team must construct a race-ready chassis according to precise specifications to ensure both integrity and safety.

Once the base is built, the real fun begins: transforming the kart with themed styling – from muscle cars and Formula One racers to wild-card designs like tractors or UFOs. While some teammates assemble the kart, others decorate their driver's uniform and create a high-energy "Champions' Chant" to prepare for race day.

After a full safety inspection, teams take to the track to race in heats. Points are awarded for creativity, construction quality, team spirit, and race performance. In the final showdown, the best crews face off in a high-speed dash for the gold medals and ultimate bragging rights.

Program Outcomes & Takeaways

- Promote collaboration toward a common goal
- Strengthen leadership and delegation
- Foster creativity and innovation
- Build camaraderie through hands-on teamwork
- Encourage strategic thinking and time management

Program Customization

- Thematic add-ons (e.g., company branding, industry-specific themes)
- Expanded awards ceremony or post-race celebration
- Flexible formats for conferences or off-sites

Ready to rev up your team's energy? Book your Go-Kart Competition today and experience high-speed teamwork in action.

To ensure a great experience, aspects of this program may be modified to maximize the benefits for your group size, group makeup, and time availability.

Clients Talk About this Program

30 sq. ft. per person, large outdoor space or indoor ballroom, gym, or similar open meeting space

Setting:

Indoor / Outdoor

Physicality:

High

What's Included?

Program production and coordination
Professional facilitator and program staff
All go-kart building supplies and team toolkits
Racing décor and track
Team packets and safety blueprints
Prizes and medals

It was great to see people working together in person to complete a project, people who usually work on the phone together, some not at all, to complete a very time consuming task. In my opinion, the most fun was watching and participating in the go-kart race and the beginning icebreaker. I appreciated everything starting and ending on time. Time management is very important to the Quality Team, especially since our time was limited. Judging from the looks on everyone's face, everyone really enjoyed it. We'll recommend it to anyone!
