#### **Donation Nation Care Packs**

**Donation Nation Care Packs** is a meaningful team building experience that brings your group together to assemble care packages for community organizations that support people in need. It's an excellent choice for corporate volunteer events because it enables teams to engage in purposeful work while fostering a stronger sense of unity. Through a series of fun and interactive challenges, your group earns the materials used to create thoughtful packages that benefit homeless shelters, food banks, hospices, veterans' groups, animal shelters, and many other community-focused agencies.

This engaging community service team building program blends collaboration, friendly competition, and a strong sense of shared impact. Participants stay fully engaged through Brainstorm, a browser-based activity that features trivia, puzzles, and photo and video challenges, or through optional Minute 2 Win It-style games. These activities build momentum and connection before teams transition into assembling their care packs, creating an experience that is both energizing and deeply rewarding.

## Program Agenda

The experience begins with a lively introduction and energizer activity to get everyone connected and ready to participate. Teams then move through a sequence of engaging challenges designed to earn the items needed for their care packages. Using Brainstorm or Minute 2 Win It games, each group collects points that determine which materials they can acquire from the "supply station." A live scoreboard keeps the excitement high as teams strategize and work together.

Once the earning phase concludes, participants transition into assembling the care packages, adding personal touches such as handwritten messages. If a charity representative is present, they join the group during the final assembly phase to share stories about the individuals who will receive the donations. The program closes with a brief reflection and celebration of the collective impact the team has made.

# **Program Outcomes & Takeaways**

- A deeper sense of purpose through community-focused teamwork
- Enhanced collaboration and communication
- Stronger interpersonal connections developed through shared challenges
- · An energizing blend of fun, compassion, and problem-solving
- A meaningful impact on individuals receiving the care packages

# **Program Customization**

Consider including customizable options such as:

- Customized Brainstorm challenges related to the organization
- Integration with specific nonprofit partners of the client's choice
- Themes for care packages based on season or mission focus
- Option to include letters, artwork, or custom items created by participants

To ensure a great experience, aspects of this event may be modified to accommodate your group size, makeup, available time, and other variables.

#### **Program Details**
