Kids Rock!™

Kids Rock! is a charitable program designed to boost team spirit and create a sense of community through the assembly and donation of items to children in need.

During the event, teams will carefully build and decorate beautiful wooden rocking chairs and rocking horses. Participants will also assemble various cuddly animals. Once these furry friends are created, they will be dressed in various fun outfits giving them an identity of their own.

Our new, browser-based activity, *Brainstorm*, incorporates fun photo and video challenges, trivia, and puzzles, providing full-group engagement by having all participants play on their personal devices with no download needed.

These beautiful rocking chairs, rocking horses, and stuffed animals will be welcome additions at local non-profit daycare centers and YMCAs.

Whenever possible, the program will conclude with an address from the receiving organization's representative, thanking your group for their generosity.

The possibilities are endless, but the outcome is always the same – a proud team of employees and happy children who will benefit from your caring donation.

To ensure a great experience, aspects of this event may be modified to benefit your group size, group makeup, and time available.

Our historically popular iPad activities are still available upon request.

Clients Talk About this Program

Our group loved the activities in their Kids Rock event, as well as the charitable "giving back" aspect of the program. The most fun was the interactive iPad contest. As salespeople, our group is very competitive and loved the competition. Having the receiving organization (Ronald McDonald House) representatives on-site to accept the rocking chairs, bears and rocking horses was a very emotional experience.
