

## Operation Military Care

# Operation Military Care – Military Charity Event

Operation Military Care is a powerful charitable team building event where collaboration, friendly competition, and gratitude unite to create meaningful care packages for the brave men and women serving our country. Through military team building activities that blend purpose and camaraderie, your team will work together to earn, assemble, and personalize these packages, ensuring each one is filled with useful items and heartfelt messages from home.

The end result? A tangible show of support, a boost in team morale, and a lasting sense of patriotic accomplishment.

## Program Agenda

In this unique military team building experience, teams of 10 participants rotate through a series of high-energy activities, including our Brainstorm mobile challenge and/or Minute 2 Win It-style games, designed to earn points toward acquiring care package contents.

Brainstorm is a browser-based game with fun photo and video challenges, trivia, and puzzles that keep all participants engaged on their personal devices, no downloads required. Teams can also earn points for demonstrating teamwork qualities like leadership, innovation, and communication.

Once enough points are earned, teams assemble their military care packages and add personal letters to the recipients. For larger groups, the decorated packages can even be arranged into a giant American flag for a powerful visual finale.

When possible, a representative from a military charity event partner will attend to accept the donation and thank your team in person.

## Program Outcomes & Takeaways

## Clients Talk About this Program

---

The Operation Military Care event was a huge hit! We were very concerned how it would compare to last year when we did the your Bike Build Donation, but the group loved it. Thank you! Now we have to figure out what to do next year. :)
