

Operation Military Care

Operation Military Care is a unique opportunity use military team building activities to support the brave men and women proudly serving our country.

This charitable event starts with a fast-paced icebreaker, then your teams will receive their game instructions for our new *Brainstorm* game and/or *Minute 2 Win It* activities to earn the points needed to acquire care package contents.

Our new, browser-based activity, *Brainstorm*, incorporates fun photo and video challenges, trivia, and puzzles, providing full-group engagement by having all participants play on their personal devices with no download needed. Teams can also earn points by demonstrating high-performing team attributes such as clear communication, leadership, innovation, and team spirit.

After all the items have been acquired, teams will assemble their military care packages and add personal touches in the form of letters written to the recipients that will be included in the boxes.

With larger groups, each care package can also be decorated on one side so the boxes can be assembled into a giant American Flag at the end of the event. When possible, a representative from a Military Charity will be on hand to accept your generous donation on behalf of these deserving heroes.

The care package supplies have been carefully chosen, based on the items most requested by service men and women and their families. Your team will leave this event with a deep sense of patriotic accomplishment.

To ensure a great experience, aspects of these charity team building activities may be modified to benefit your group size, group makeup, and time available.

Our historically popular iPad activities are still available upon request.

Clients Talk About this Program

The Operation Military Care event was a huge hit! We were very concerned how it would compare to last year when we did the your Bike Build Donation, but the group loved it. Thank you! Now we have to figure out what to do next year. :)
