

Operation Toy Donation

Operation Toy Donation is a wonderful charitable team activity that creates immediate, tangible results while boosting employee morale through team building and the donation of toys and necessities for children in need.

The possibilities are endless but the outcome is always the same – toy donations for nonprofit organizations – a group of happy children – and a proud team of employees.

During the event, teams will rotate between different Care Stations based upon your program choice. At the stations, children's toys and necessities will be assembled and then packed into storage containers and festively decorated.

Operation Toy Donation features our newest activity, *Brainstorm*, a no-download experience for your mobile device that delivers text, audio and video clues, exciting gaming challenges, and the ability to capture and save all your memories of this inspiring event with photos and video of your teams in action.

At the program's end, a representative of the receiving organization may address your group and thank them for their generous donation.

If you want to make a difference in the life of a child, this is an event your group will never forget.

To ensure a great experience, aspects of this activity may be modified to benefit your group size, group makeup, and time available.

Our historically popular iPad activities are still available upon request.

Clients Talk About this Program

Operation Toy Donation was such a hit with the team – everyone truly enjoyed playing the games, and making the baskets for the children. It was wonderful, and I'm so glad we chose to do this prior to the holidays! Thank you for your assistance with this. I look forward to working with you again in June for our 2019 Quality Summit! Best regards,

Cathy - [Janssen Pharmaceuticals](#)
