

Amazing Chase SmartHunt®

Ready, set, GO! Your high-tech team building scavenger hunt starts with an engaging physical icebreaker to form all participants into groups. These newly-formed teams are then given iPads® with Amazing Race-type instructions and must analyze the information and clues while developing the best possible strategy to beat the other teams and become the champions.

During the hunt, competing teams navigate along a custom-designed route to complete challenges and engage in fun activities and stunts. They will use our iPads to answer quizzes, tour points of interest, solve puzzles, and tackle photo and video missions during their amazing race.

Encountering Road Blocks and Detour Stations along the way, the groups will race to be first at each race stop. When they arrive, they'll be participating in challenges and stunts to gain points and win clues to the next stop.

Once all challenges are completed, it's a race against the other teams – and the clock – back to home base. Laughter, accomplishment, and fond memories are additional benefits to this event where trust, communication, and effective problem solving are the catalysts for success.

This hunt features two-way messaging so teams are connected with our lead facilitator stationed at the ending location. Our Facilitator app also creates a slideshow of your hunt during the event, so when your group returns to the ending location, the best photos and video clips shot are already up on the big screen!

At the conclusion of the program, you will receive access to our proprietary event dashboard, which provides a full leader board, with scoring, photos, and videos from each group and a professionally produced highlight video of the entire event. Now, that's SMART! **CHECK IT OUT!**

To ensure a great experience, aspects of these activities may be modified for your group size, group makeup, time available, and other variables.

Clients Talk About this Program

The team LOVED their Amazing Chase SmartHunt. Great use of working together and fun! The Back Flip challenge station was often mentioned as a great obstacle in the race. As a whole, our group said they LOVED it! They enjoyed all the activities and said they want to do it again!

Nicole - [H&M Hennes & Mauritz](#)
