

City SmartHunt®

City SmartHunt®: A High-Tech Scavenger Hunt

Work together while exploring with City SmartHunt®, the most advanced team building scavenger hunt on the market. This app-powered adventure turns any city, museum, resort, or public space into a strategic playing field where teams compete to solve clues, tackle creative challenges, and explore their surroundings in a whole new way.

Whether you're sightseeing in a new location or just in it for the fun, SmartHunts are a powerful way to boost collaboration, problem-solving, and real-time communication.

Program Agenda

This isn't your typical paper or phone-based scavenger hunt. Each team receives an iPad loaded with our proprietary SmartHunts® app – an immersive interface that uses GPS mapping, video, photos, QR scanning, text, audio, FaceTime, and social media integration to deliver the ultimate location-based challenge.

Teams of 8 to 10 participants work together to:

- Navigate to landmarks or indoor locations
- Solve custom trivia and visual puzzles
- Take photo and video challenges
- Complete physical and creative missions
- Strategize for the highest point total

Teams choose their mission order based on scoring opportunities or geographic path, creating a customized experience driven by strategy, collaboration, and discovery.

All submissions are tracked in real-time, and teams remain connected to the platform even when entering indoor spaces like museums or attractions. As your group reaches the final location, photos and videos from the hunt can be displayed on a big screen for maximum celebration and fun.

After the event, you'll receive access to a personalized event dashboard that includes:

- Leaderboard with final scores
- Team photo and video submissions
- A professionally edited highlight video

Now, that's SMART! **CHECK IT OUT!**

Program Outcomes & Takeaways

- Builds real-time communication and decision-making
- Encourages teamwork through creative and time-sensitive challenges
- Enhances location-based engagement through gamification
- Provides lasting memories with a personalized event video

To ensure a great experience, aspects of the event may be modified for your group size, group makeup, time available, and other variables.

Clients Talk About this Program

Today's City SmartHunt experience was phenomenal. We had loads of fun, the weather was beautiful, and the activities were loads of fun -- very interactive, very creative. Hands down the best teambuilding exercise ever devised... hands down.
