Virtual Escape Room: Saving Santa!

Santa Claus has been kidnapped! In this Saving Santa escape room, your team must work together to unravel the mystery, follow the clues, and free Santa before it's too late. Greedy toymakers have hidden him away to sabotage the North Pole Workshop, and only your problem-solving skills can foil their plan.

This holiday escape room experience is a secure, no-install virtual event that works seamlessly on all major video conferencing platforms, allowing participants anywhere in the world to join the fun. Whether you're looking for a festive corporate activity, a family-friendly Santa escape room, or a seasonal virtual party game, Saving Santa! is a joyful and competitive experience for teams of all sizes.

Program Agenda

Teams of 4 to 6 players collaborate in an interactive online environment, exploring their virtual surroundings to uncover clues, solve puzzles, and crack codes. Your mission: find the 4-digit escape code to set Santa free.

Each team selects a time to play that works for them, giving organizers the flexibility to run the event for participants across different locations and time zones. Once all teams have completed their game, a final scoreboard is shared to reveal the winners and celebrate the sleuthing champions.

This Saving Santa escape room is perfect for groups of all ages and skill levels. Players will need strong communication, observation, and creative problem-solving to succeed before time runs out.

Clients Talk About this Program

The Saving Santa Virtual Escape Room was a lot of fun and great team building event. The challenge with the physical directions to figure out the numbers was hilarious. Everyone had a good time, it was harder than everyone expected and some of the directions on how to figure out the codes confused people but our group bonded well while collaborating on ideas and talking through solutions.
