

Virtual Code Breakers

Have you ever imagined what it would be like to be a spy? To go on a secret assignment, solve mysteries, and capture villains? Well, it's time to put on your secret agent hat and get ready to go undercover with **Virtual Code Breakers!**

In this thrilling, espionage-themed trivia game, your group's challenge – should they choose to accept it – will be to answer questions, tackle puzzling mind games, and unlock a series of vaults to solve a final riddle...who is the celebrity mole?

With state-of-the-art gaming and our engaging and interactive professional host, your group will experience a full participant, full engagement, interactive spy game experience. Our interactive host will welcome the group and introduce the game, mission, and scoring. Players will choose a name that will appear on the scoreboard and the main screen when they are the fastest to respond. Then, their mission will begin.

Participants will be tested on their knowledge of spy, thriller, and espionage films, along with real-life CIA and MI6 facts. Along the way, participants will collect the intel they need in order to unlock valuable clues they will need to solve the final mystery. Agents in training submit their responses from the security of their home headquarters using their own electronic devices, and the faster they respond correctly, the more points they earn.

This action-packed mission is fun and engaging for spies of all ages and experience levels, and agencies of all sizes! Whether you want to bring an element of intrigue to your next virtual dinner party or cocktail hour or thrill groups wanting something more stimulating than your average trivia game, Virtual Code Breakers is just the activity to unlock the fun your team is looking for!

Clients Talk About this Program

The team had a great time with **Virtual Code Breakers!** The video questions were particularly fun. The group enjoyed the program and were excited to receive the list of movie recommendations from our facilitator, Russ was engaging and kept the game moving very well. I was very excited when he was going to be facilitating again!
