

Virtual Escape Room: Escape the Office

Virtual Escape the Office is an immersive virtual escape room game that transforms the mundane of the workplace into a mysterious challenge. Our Escape Rooms are secure, no-install, virtual events that work on all screen-share platforms. With an immersive storyline, clues of varying difficulty, detailed graphics, and an advanced escape room platform, this program will energize and bond your team.

Teams are put into the shoes of an elite detective following a tip to the office of the top suspect in a high-profile investigation. But when they enter the office, the door locks, trapping them inside. Each team must combine their observations and problem-solving skills to gather the evidence they need and escape the suspect's office undetected.

Participants will need to use the information concealed in their virtual surroundings by carefully inspecting the objects they find, interacting with them, finding clues, solving puzzles, and deciphering codes to ultimately find the 4 DIGIT ESCAPE CODE to solve the mystery.

Your group will play in teams of 4 to 6 players, with a captain to lead each team. Each team will choose a time convenient for them to virtually gather to complete the episode. At the end of the play period selected by your organizer, all the scores will be compiled, and a final scoreboard will be sent to all participants showing where their team placed and announcing the winning team.

This delivery method allows you the flexibility to provide an activity for small to very large groups in multiple locations across the country or even across the world, without the headache of coordinating schedules and timezones. Select either a 20 to 30-minute or 60 to 90-minute length version of this program to best fit your group's schedule.

Put on your game face and your detective hat, and be the first to solve the mystery! Remember, this is a team challenge – the fastest and most collaborative team will win. Good Luck!
