Clients Talk About this Program

Our group enjoyed Save the Boss very much! We especially liked solving the puzzles and interacting with each other during the game. This activity allowed us to connect with our global teammates in a fun and guided way, and the team would be up for doing it again! We rated our host Neha 5 out of 5 - she communicated well beforehand, made sure the link was tested, was ready with the teams and instructions, helped in the breakout rooms, and made sure all the interaction was fun. Neha did a great job of walking us through the experience, and If we did another Escape Room we would welcome her as our guide!
