

Virtual Murder Mystery: Mavericks on the Case

Virtual Murder Mystery Team Building Game

Step into the world of virtual sleuthing with Virtual Mavericks on the Case, a thrilling murder mystery team building experience where participants become elite investigators working to solve a suspicious death. This engaging virtual program blends narrative storytelling, interactive roles, and timed challenges into a fully immersive team experience that builds communication, logic, and collaboration.

Your team will be tested with every twist and turn. Will they uncover the truth before the others do?

Program Agenda

Your group will be divided into teams of six, with each player stepping into the shoes of a professional detective from the elite “Mavericks” squad. Each character brings a unique skill set to the investigation – from Techy Tina’s data expertise to Walter Hat’s CIA past – adding layers of perspective and strategy to your team’s collaboration.

The case? 53-year-old Mr. Pritchett, a corporate executive, was found dead following a party celebrating his promotion. While the police wrote it off as an accident, several staff members suspect foul play – and the Mavericks are brought in to dig deeper.

Throughout this 90-minute virtual experience, teams will:

- Examine the crime scene
- Review suspect interviews and evidence
- Solve puzzles, riddles, and ciphers to unlock key clues
- Collaborate across character roles to share intel
- Reconstruct the timeline and motive behind the crime

Once the investigation wraps, teams reconvene to present their conclusions. Points are awarded for accuracy, insight, and speed, but only one team will close the case and claim victory.

Program Outcomes & Takeaways

- Strengthens communication through role-based information sharing
- Builds problem-solving, time management, and deductive reasoning
- Promotes equal participation across diverse personalities and skillsets
- Offers a high-stakes, gamified format ideal for remote teams
- Provides a virtual alternative to classic in-person team events
