Gingerbread Architect

In this fun event, your group will bond as they design and build various themed structures utilizing candies, frosting, and gingerbread!

Participants earn points for their team by completing fun and interactive A Minute 2 Win It challenges.

With the points they've earned, teams will purchase a gingerbread construction kit as well as their own special materials package.

Once structures are completed, final touches are added in the form of various colorful confectionaries. When their vision becomes reality, each team's creative interpretation will be displayed for the entire group to enjoy.

To ensure a great experience, aspects of this program may be modified for your group size, group makeup, time available, and other variables.

Our historically popular iPad activities are still available upon request.
