

Game Show Feud

Game Show Feud brings you all the high-spirited fun and excitement of a live game show and is perfect for motivating employees or as an engaging networking event.

Game Show Feud has a real game show atmosphere – with an answer board beamed up via projection – and sound effects for the lockout, correct, and wrong answers.

After a fun, energizing icebreaker, the show begins at the face-off podium, where contestants compete to take control of the game. With fast-paced rounds of survey questions and a bracket scoring system, winning teams move forward from the initial rounds of play to the Finale.

Our unique design keeps everyone involved throughout the show. For larger groups, an audience response polling system is used to allow each team to answer multiple-choice trivia questions. This determines the order in which the teams are invited to compete on the main stage.

No matter how many points are on the scoreboard, you can be confident that you will score **BIG** with your team!
