

Speed Networking

The **Speed Networking** event is comprised of a series of fun, challenging activities combined with interactive get-to-know-you discussions designed to promote camaraderie and enhance relationships!

The excitement begins with a fast-paced group energizer such as *Categories* or *25 Statement Signature Hunt*. Next, individuals will report to a pre-assigned table and engage in a 15-minute activity, which is designed to immerse them in a fun shared challenge.

Once completed, teams will celebrate their success and then move to another table group based on a previously established matrix, which ensures that everyone is meeting and interacting with different participants.

Individuals will continue to network, rotating to new table groups, and completing new tasks all while engaging in activities which may include *Card System*, *Word Ladder* and *Tower Build*. Each activity creates a wonderful energy in the room, as all of the tables are alive with conversation.

Each rotation opens doors to new relationship building and the strengthening of existing bonds. It is speed networking at its best! This event is a wonderful stand-alone activity or can be delivered at a luncheon or dinner.

To ensure a great experience, aspects of these networking activities may be modified for your group size, group makeup, time available, and other variables.

Since you like this program, you may also consider [Virtual Speed Networking](#) as a remote option!

Clients Talk About this Program

"Our team had a blast and is still talking about our Speed Networking event days after! The BCE staff was fantastic. We ran quite a bit behind in our schedule that day and your lead facilitator proactively made the adjustments necessary to keep up with our schedule without compromising the value of the team building exercises. It was a pleasure to work with everyone on her team. We look forward to partnering again with the BCE team again in the future!"
