

Tapas and Sangria Making

In this Spanish-themed series of team bonding exercises, your group will be making **Tapas and Sangria!** Now enjoyed everywhere, Tapas originated as appetizers or small plates in Spanish cuisine. Flavorful Sangria is a beverage from Spain and Portugal, which normally consists of wine, chopped fruit, sweetener, and a small amount of brandy.

Teams earn points by completing trivia, photo and video challenges. These activities are delivered on Apple iPads® and capture the memories of this truly delicious event and your teams in action.

Your group will be formed into “wineries.” Each team will choose a name for their winery, develop their own brand of Sangria using ingredients from our marketplace and design a logo used to market their unique concoction. The ingredients in Sangria vary, particularly in the type of fruit used, the kind of spirits added, and the presence or lack of carbonation.

Teams also create Tapas based on a delicious cold menu provided so no stove required! Ingredients and a dish description will be provided but not a specific recipe, and that’s where the team building comes in.

Lastly, we stage a Tapas and Sangria tasting contest and award culinary gold medals for Best Tasting Tapas, Best Tasting Sangria, and Best Marketing Campaign.

Our Tapas and Sangria program promotes bonding, creativity, experimentation, the division of duties, and team support to come up with the best overall product and marketing plan.

To ensure a great experience, aspects of this program may be modified for your group size, group makeup, time available, and other variables.

Clients Talk About this Program

"What a fun team builder the Tapas and Sangria event was for our team at Verizon! Our team was so creative. We picked the perfect teammates for the artistic elements and the commercial. Unfortunately our Sangria didn't win any prizes. So we drank the Sangria from another team! Thank you for a great time."
