

Virtual Escape Room: Save the Boss

Virtual Save Your Boss is an immersive virtual escape room game that features a common challenge and goal to bring teams together. Our Escape Rooms are secure, no-install, virtual events that work on all screen-share platforms. With an immersive storyline, clues of varying difficulty, detailed graphics, and an advanced escape room platform, this program will energize and bond your team.

Teams are confronted with a dire situation, where a competitor has kidnapped their boss to get a leg up in the industry. Your team must combine their observations and problem-solving skills to find their boss and rescue them from your competitor.

Participants will need to use the information concealed in their virtual surroundings by carefully inspecting the objects they find, interacting with them, finding clues, solving puzzles, and deciphering codes to ultimately find the 4 DIGIT ESCAPE CODE to solve the mystery.

Your group will play in teams of 4 to 6 players, with a captain to lead each team. Each team will choose a time convenient for them to virtually gather to complete the episode. At the end of the play period selected by your organizer, all the scores will be compiled, and a final scoreboard will be sent to all participants showing where their team placed and announcing the winning team.

This delivery method allows you the flexibility to provide an activity for small to very large groups in multiple locations across the country or even across the world, without the headache of coordinating schedules and timezones. Plus, choose a male or female boss character to most accurately represent the leader of your group in the game!

Put on your game face and your detective hat, and be the first to solve the mystery! Remember, this is a team challenge - the fastest and most collaborative team will win. Good Luck!

Clients Talk About this Program

"Our group enjoyed Save the Boss very much! We especially liked solving the puzzles and interacting with each other during the game. This activity allowed us to connect with our global teammates in a fun and guided way, and the team would be up for doing it again! We rated our host Neha 5 out of 5 - she communicated well beforehand, made sure the link was tested, was ready with the teams and instructions, helped in the breakout rooms, and made sure all the interaction was fun. Neha did a great job of walking us through the experience, and if we did another Escape Room we would welcome her as our guide!"
