

Virtual Guess that Price

Our **Virtual Guess that Price** program is a fun and interactive game that can be played by up to 100 people. It has all of the graphics, sounds, and excitement of a live show!

Our experienced and enthusiastic host will keep the participants engaged and continuously interacting throughout the game, with over sixteen different chances to win a prize! Not only will the contestants be bidding on products, but they will also be engaging in eight Guess that Price Challenges and eight "household item" Scavenger Hunts.

The Guess that Price Challenges include fun games such as Tic Tac Toe, Majority Rules, Lucky Dice, and Race the Clock! During the Scavenger Hunts, contestants will race against each other to be the first one to return after searching for the requested items.

These items may be something as simple as a pencil, or more complex like a physical photograph of a dog or an actual dictionary. Hilarity is certain to ensue as everyone rushes about trying to find the requested items, especially if the host ends up making it a requirement for the item to be a *sharpened#2 pencil!*

Our program is also fully customizable, you can provide your own trivia questions, and even have the products and gifts to be bid on pertaining to your company or university.

Don't fret if you have a group that is larger than 100 people! We can simply play with more teams, or for very large groups we can split your group into multiple games, with the winner of each competing in a high-energy Guess that Price Showdown!

Virtual Guess that Price is a parody of the popular game show. This game is not affiliated with or endorsed by Fremantle Media, owner of the registered trademark The Price is Right®.
