

## Virtually 21st Century Buzz

This is cray-cray! Gather your peeps for a look back to the beginning of the millennium with **Virtually 21st Century Buzz** - a sweet way to take a break from your virtual meetings and show off your hella good memory.

With state-of-the-art gaming and our engaging and interactive professional hosts, your group will experience a full participant, full engagement, interactive game show. All participants play throughout the game on their apple or android device, no FOMO required. With a mix of multiple-choice, true/false, and fill in the blank trivia questions, the faster participants respond correctly, the more points they earn!

Our interactive host will welcome the group, introduce the game, categories, and scoring. Players will choose a name that will appear on the scoreboard and the main screen when they are the fastest to respond. Then players compete in rounds of trivia questions about all things 21st century to earn as many points as possible!

Players will be tasked to answer trivia questions in dope 21st century themed categories, including movies, TV, sports, celebrities, politics, science, and of course, music! Using art, photos, and video and song clips, teams will have to identify the correct answer to the questions and beat others to the punch. As the rounds continue, the scoring increases and no lead is safe - so as the pressure rises players must focus on the deets and not let their opponents side-eye their answers!

In this baller battle, participants' knowledge of the new millennium will be tested. As participants attempt to be quickest, we encourage the "excuse exchanges" that are inevitable. This fun banter between players builds upon the game show feel and adds to the team camaraderie. Your group can grab their selfie sticks, jeggings, memes, and athleisure and enjoy the 21st Century Buzz!

Ask about [70s](#), [80s](#) or [90s](#) buzz - we got them covered too!

*Short on Time? This program also comes in a 30-minute virtual version for live meeting breaks. All participants play the game on their Apple or Android device (no app to download, participants play through a website), individually or in groups sharing a device.*
